

BORIS HAGELIN

Sundsvik, Sweden,  
Dec 13, 1947.

Dear Bill:

I have just got the information - the source cannot be quoted - that the

Automatic Radio Manufacturing Co.  
122 Brookline Avenue, Boston 15 Mass.  
has made offers to sell cryptographers type M-209-A,  
at \$-2.- each. This could perhaps give your friends in  
the War Dept the possibility of inquiring into this  
kind of business.

I had a letter from Stu, giving me his schedule for their  
trip to Europe. I am now arranging for tickets etc., so  
that I and Annie can meet them in Geneva in January. We  
expect to leave Stockholm on Jan 2, spend two days in  
Zurich and then nearly a week in Geneva. And being down  
there, we plan to stay a week at some mountain resort,  
before we return home. It will be exceedingly pleasant  
to meet the Heddens in Switzerland, and we are also happy  
to get a chance to get some sun. This last month has been  
very dreary, and today we have stormy weather, with a mix-  
ture of rain and sleet.

We do hope that all is well with you all, and that you  
will have a pleasant family reunion during the coming  
holidays. We shall miss Margareta Bo and Ingrid, but we  
still have some children to fall back on!

With best regards and love to Elizabeth and yourself,

from

Sincerely yours

*Annie & Boris*
